AIDTM **Multi-vitamin**
DIETARY SUPPLEMENT

What is AIDTM?

AIDTM is a high potency multiple vitamin, mineral and phyto-nutrient supplement that provides optimum nutritional & antioxidant support for your cells and immune system.

**1 Capsule a Day = 100% Daily Value
Of Proven, Immune Boosting Ingredients**

Vitamin C is important for overall health & protects cells from oxidants and free radical damage.

Resveratrol is a stilbenoid and a phytoalexin produced by several plants in response to injury or when the plant is under attack by pathogens, such as bacteria or fungi.

Hawthorne Berry contains plant polyphenols that have been linked to numerous health benefits due to their antioxidant properties.

Mulberry Leaf Extract may improve heart health by reducing cholesterol and blood pressure levels, decreasing inflammation, and preventing atherosclerosis.

**Many Immune Boosting Ingredients
Including:**

Selenium - Helps your cells to produce more glutathione

Korean Ginseng - Has been used to support normal immune function, and revitalizing energy levels.

Vitamin B6 - is vital to supporting biochemical reactions in the immune system.

Vitamin E - is a powerful antioxidant that helps the body fight off infection.

High Quality Standards

AIDTM was designed to work in synergy with OGF[®] Original Glutathione Formula[®], to bridge the gap between dietary and supplemental nutrition, while optimizing antioxidant functioning for improved anti-aging, wellness, and immune system support.

Why choose AIDTM **over other
multi-vitamins?**

AIDTM is formulated with ingredients that are highly bio-available. Why does that matter? Because bio-available ingredients are more readily absorbed and utilized by the body. That means more of the essential nutrients you need for good health and antioxidant support are accessibly after digestion, where they can start working right away to remove free radicals, improving cellular health and immunity.
